

Facilities

Members will need to provide their own tent/caravan/lorry living for overnight accommodation at Camp, unless they prefer to head home for the night after supper. Early and late checks on all ponies at Camp will be carried out by a member of the Committee, whether members are staying overnight or not. Facilities available to those camping at Weston Farm will be basic, but will include trailer-based event loos and sinks.

Groups

Groups and instructors will be finalised ahead of time and confirmed on the opening day of Camp.

Instructors

Instructors for this year's Mini Camp are Katy Deithrick and Alex Reeve.

Mobile phones

Mobile phones are permitted at Camp, but members are expected to restrict their use to within the campground, during free time. No images are to be shared via social media.

Qualifying rallies

To ensure that everyone gets the best from this year's Mini Camp, and that we are able to effectively assess all riders and ponies to form the most appropriate Mini Camp groupings, this year's Mini Camp attendees must either have attended or have booked in for a **minimum of 3 Lamerton Hunt Pony Club rallies** between 1st January 2026 and 4^h July 2026. Please contact the Secretary with any questions about this requirement.

Ridden sessions

Ridden sessions will all take place on grass in roped arenas, with the exception of cross-country sessions, which will take place over a full cross-country course that will be built at Weston Farm for the Lamerton Hunt Pony Club Dri Triathlon and Hunter Trial on 25th/26th July.

Stabling

Stabling will take the form of gated pens* within two large agricultural sheds. We will operate two yards, each overseen by a Yard Manager as well as by the instructors. Straw bedding is included, but members are welcome to bring their own alternative bedding, if preferred.

* If your pony requires a sheeted pen (i.e. that the gates forming the pen be sheeted to cover the gaps between the horizontal bars of the gates), please select this option when booking online.

Unaccompanied members

Members attending Mini Camp must be accompanied by an adult prepared to assist in the care of both member and pony. Members will be encouraged to be independent, where possible, but adult supervision is essential at all times. Extra help will of course be on hand, should it be needed, but all members attending Mini Camp are expected to be accompanied by an adult.

Veterinary advice

Please be advised that emergency veterinary advice will be sought if deemed necessary by the Committee during your pony's stay at Camp, and that associated costs will be payable by the pony's owner/loaner and not by Lamerton Hunt Pony Club. Best efforts will be made to contact the pony's owner/loaner before veterinary intervention.
